Office: MS 219 Office Hours: M, W, 11:00 AM-12:00 PM and 3:00 PM – 3:30 p.m. MS 219

Class Meeting Times: M W, 12:15-1:30 p.m. in room Copernicus Hall 22412

Course Requirements: Attend and participate in class regularly; complete homework assignments; take quizzes and tests, as scheduled. A general rule for any college course is that you are expected to put in at least 2 hours of work outside of class for every hour in class.

Homework Policy: Students will be assigned homework every class except before a test. At the beginning of the next class, we will go over the homework. You may make corrections at this time, but you may not finish your homework during class. After we finish going over the homework, I will collect it and record only the assignments that are completely finished. You should not turn in any assignment that is not completed and you need to show all steps and all work that you’ve done. You can still receive full credit if you complete it and turn it in to me at the next class. At the end of the course, if you have completed all of the assignments or you are missing only one, I will add three points to your final average. I will add two points if you are missing only two or three assignments and one point if you are missing only four or five assignments.

Calculator Use: A graphing calculator is required. The textbook is based on the TI-83 or TI-84 calculator and I will be using one of these during class.

Electronic Devices Policy: Cell phones, laptops and PDA’s are not to be used during class, exams, or quizzes unless special accommodations are necessary. NO TEXTING DURING CLASS TIME.

University Policies:
1. You must take the final examination at the time specified in the course selection book. Monday, May 9, 2016. 11:00 AM-1:00 P.M.

2. Please contact me privately to discuss your specific needs if you believe you need course accommodations based on the impact of a disability, medical condition, or if you have emergency medical information to share. I will need a copy of the accommodation letter from Student Disability Services in order to arrange your class accommodations. Contact Student Disability Services, Willard Hall, 101-04 if you are not already registered with them. Student Disability Services maintains the confidential documentation of your disability and assists you in coordinating reasonable accommodations with your faculty.
3. All students are expected to demonstrate integrity in the completion of their course work. Academic integrity means doing one’s own work and giving proper credit to the work and ideas of others. It is the responsibility of each student to become familiar with what constitutes academic dishonesty and plagiarism and to avoid all forms of cheating and plagiarism. Students who engage in plagiarism and other forms of academic misconduct will face academic and possibly disciplinary consequences. Academic sanctions can range from a reduced grade for the assignment to a failing grade for the course. From a disciplinary standpoint, an Academic Misconduct Report may be filed and a Faculty Hearing Board may impose sanctions such as probation, suspension or expulsion.

For further information on academic misconduct and its consequences, please consult the Student Code of Conduct (http://www.ccsu.edu/StudentConduct) and the Academic Misconduct Policy (http://www.ccsu.edu/AcademicIntegrity).

4. In the event of a weather emergency which requires curtailment or cancellation of classes, listen to WTIC (1080 AM) or call (860) 832-3333 for the “general snow message.”

5. The last day to withdraw from a course is Monday, April 18, 2016. Before April 18, approvals for withdrawal are not required; however, it is strongly recommended that students consult with their academic advisors prior to deciding to withdraw. Cessation of attendance, notice to the instructor, or telephone calls to the Enrollment Center are not considered official notice of a student’s intention to drop the course.

After April 18, withdrawals are allowed only under extenuating circumstances and require approval of the course instructor, and the department chair. Poor academic performance is not considered an extenuating circumstance.

5. You are responsible for understanding and abiding by the University’s policy on academic integrity. Information on the policy may be found at http://www.ccsu.edu/AcademicIntegrity/. This policy is rigorously enforced by the Department of Mathematical Sciences.

Resources Available:

1. If you need help, take advantage of my office hours. Do not wait until just before the first test to do so.

2. Free tutoring is available in The Learning Center -- located in Willard Hall, Room 101. They can be reached at (860) 832-1900. A schedule for the hours the Center is open will be posted soon after the beginning of the semester.

3. Form a study group with other students in your section. Explaining solutions to homework problems to each other is a good way to learn.

4. A list of private tutors for hire is available in the math department office, Room 107 Marcus White, 832-2835.

Evaluation:

Minimum averages have been established for each of these grades:

A 93% A− 90% B+ 87% B 83% B− 80% C+ 77% C 73% C− 70% D+ 67% D 63% D− 60%

The average for the course will be based on the following weights: There will be 3 exams given. The 3 class exams will each count 18% each and the final will count 25%. The average of the unannounced (or announced) quizzes will count the remaining 21%. If more than two quizzes are given, then I will drop the lowest quiz.
Also, the grade on the final, if to your advantage, will replace the lowest grade of the three class tests. But, please note that there are no make up exams or make up quizzes allowed unless the reason for the absence is backed up by a document, written on official paper. If there is one regular Test missed, then the grade will be entered as a 0 and the grade on the final will replace that grade. If two class exams are missed, or the final exam is missed, then the final grade will be an automatic F. Any quizzes missed exceeding the one that will be dropped, as indicated earlier, will be recorded as 0.

Schedule of Important Dates: Tentative Test Dates: 02/22, 03/30 and 05/2.
